

Privacy Door System Touchless Activation Solution

The "Touchless Activation" feature is the ideal choice for use in bathroom entry door applications

The PDS can be fitted to either automatic swing or sliding door operators depending on the required design criteria.

Design

- Plate design in accordance with Building Code of Australia
- Durable polycarbonate plates are vandal, UV, chemical and graffiti resistant
- Include braille and tactile signage for vision impaired
- Plates can be surface or wall mounted

The PDS complies with the following:

- NCC Access for people with a disability
- NCC Braille and tactile signs
- AS5007-2007 Power doors for pedestrian access and egress

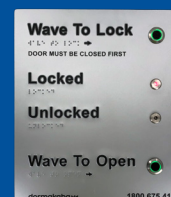

Function

- Touch free activation, range adjustable from 0 - 120 mm
- LED Indication (Green / Red)
- Simple to use (amenities and parent rooms)
- Flexible interface with Automatic Sliding & Swing Door Operators
- BMS interface capability
- Staff override function for use in emergency
- Duress alarm I/O
- Adjustable time out function
- MLAK- Key option
- Audible message via INT/EXT speaker with adjustable volume control
- Power saving output can switch rooms lights ON/OFF

Barrier-free solutions for people with disabilities (PWD)
