

Product Information Announcement

Discontinuation Notice: Nova-D

Classification: External and internal
July 2023

Announcement

dormakaba announces the discontinuation of the Nova D electronic deadbolt lock.

- The Nova-D Deadbolt Lock will be available to be ordered until 6/30/2024.
- Nova-D will continue to be supported through 6/30/2026.
- New orders, warranty parts and replacement products will be contingent upon availability.
- The recommended upgrade path is Saffire LX-D deadbolt lock, which is compatible with the Community Access Control Software.

Recommended Upgrade Path – Saffire LX-D

The Saffire LX-D electronic deadbolt is a sleek, contemporary RFID and Bluetooth Low Energy (BLE) lock. It provides the latest connectivity and security features for multihousing properties, compatible with the Community Access Control Software. The following conversion plan is designed to provide you with the latest multihousing hardware and software solutions.

Table

Discontinued locking system		Replacement RFID locking system	
Lock	Access System	Lock	Access System
Nova-D	Community	Saffire LX-D	Community

To discover our complete line of RFID locks, please visit dormakaba.us.

For quoting request, please contact your local [sales representative](#).

Support

Customer and technical support will continue to be provided for Nova-D electronic locks. Lock replacement, lock repair, and parts ordering will be based on the availability of components.

Product Name	End of retrofit and new construction sales	End of complete lock replacement	End of lock repair	End of parts ordering
Nova-D	June 30, 2024	June 30, 2026*	June 30, 2026*	June 30, 2026*

*Subject to component availability

For repair or replacement of your existing systems, please contact your distributor or dormakaba sales representative.

We thank you for your continued trust and we look forward to serving you into the future.
