COMMERCIAL RANGE

The DORMA Commercial Range of handles have been designed to stand up to the most physically demanding conditions. Designed for high traffic commercial buildings, this range of handles combines essential architectural requirements with engineering excellence.

Affordability and extreme durability were the guiding principles behind the development of this range of handles.

Features

1. 0.2mm increase in handle material thickness
2. Laser welded components
3. 0.3mm increase in rose material thickness
4. Bolt through fixing supports
5. Stainless steel construction
6. 2mm increase in rose diameter
7. Stainless steel grub screws coated in thread locker
8. Redesigned double action spring
9. Stainless steel spindle
10. Fixing bolts coated in thread locker
11. Tested to 200 000 cycles
