Part #: 705285 RevD | 7042.3.0623

Drill-Deburr-Tap Template/Plantilla de Taladrar-Debastar-Roscar/ Bohrschablone/Gabarit de perçage/Gabarito de Perfuração

Installation Best Practice/Instalación Mejores Prácticas/Einbau Beste Übung/Installation Meilleure Pratique/Instalação Melhor Prática

A & B: Physically mount the keypad. (Steps 1-4)
Note: Do not install batteries or connect to power.

C: Physically mount the lock body. (Step 5)
Connect the keypad cable to the lock. (Step 6)
Note: Do not pull or over stretch the keypad cable as it may be pulled out of the internal connection port.

Install batteries or connect power. (Step 7)

Please Note: If programming lock and then shipping to site, disconnect power and do not reapply/insert battery power until all systems are mounted and properly plugged in. If keypad does not immediately respond, please allow 30 to 45 seconds for entry to properly pair with lock body.

Set Up: Open the Container and Follow these quick set up instructions to program your system:

- 1 Manager Open and Audit Access
- 1 Standard Open and Audit Access
- Master/Super Master set for use
