

Tubular Latches and Bolts

dormakaba Tubular Latches and Bolts, Reliable solutions for everyday use.

Seamlessly complementing dormakaba's diverse range of door furniture, our Tubular Latches and Bolts offer practical functionality without compromising on reliability. Our roller bolts present a discreet yet effective approach to keeping internal doors or cupboards securely closed.

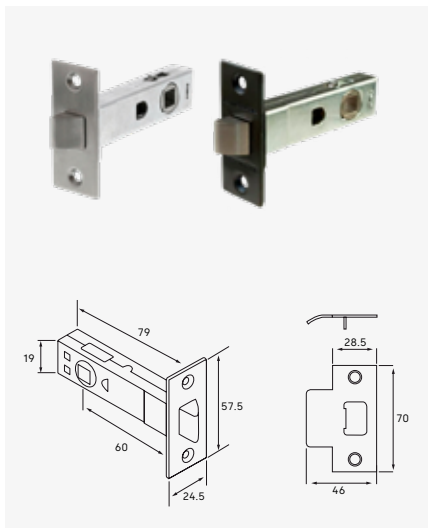

Designed for real-world applications, dormakaba's tubular latches and bolts are tailored to secure interior doors with ease. Paired with dormakaba door furniture, they provide a reliable solution for any project.

What's more, the adjustable roller bolts will effortlessly adapt to different door gaps, suitable for both aluminum or timber doors with a timber or metal frame.

Please note, the RB111 roller bolt is fire rated in accordance with AS1530-Part 4 as a secondary device only.

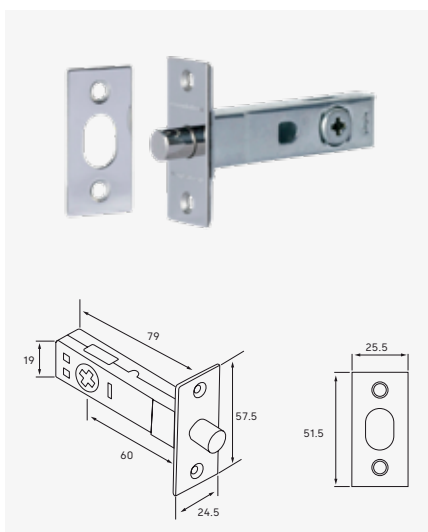

Tubular Latches and Bolts

Note:

If frame is 'square set', we highly recommend the use of the 2204 short lipped strike plate to prevent the lip projecting too far and potentially causing injury. Please note, this may hinder the proper functioning of the latch when installed in this manner.
