

# E-Plex<sup>®</sup>

## Wireless System Accessories

### Gateway/Router

- Shipped as Routers; field configurable as Gateways with software
- Powered by USB, PoE (Power over Ethernet), or 120vAC adapter (included)
- Optional Wi-Fi Adapter Kit enables use of existing Wi-Fi network
- Wall mount and desktop versions available
- Outdoor installation requires optional Gateway/Router Outdoor Kit
- Enables use of existing 2.4 GHz Wi-Fi network for Gateway to PC communication
- Connects Gateway device, using Ethernet port, to an existing 2.4 GHz Wi-Fi network
- Includes 120vAC power adapter, Ethernet cable, USB power cable, and velcro mounting kit

### Wireless System Accessories

We designed the E-Plex Enterprise Access Control System with Wireless Option to be flexible and scalable. Whether starting out new with wireless technology or adding on to an existing system, building a Wireless System is as simple as:

- Conducting a site survey
- Choosing an E-Plex Lock or Controller
- Determining the antenna kit
- Identifying Gateway/Router placement

Refer to these wireless system accessories for additional details on the Wireless

System's components, including part number. If you need additional information on these products, please contact your certified E-Plex Wireless Dealer.

### Wireless Gateway options

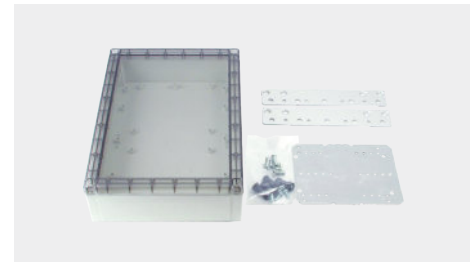

#### Desktop Version

Part Number #7542500001

#### Wall Mount Version

Part Number #7542800001

#### Gateway/Router Outdoor Kit

Part Number #7542600001

## Antenna Options

### Inside Mount Wireless Antenna Kit

Part Number #7542400001

- Converts most E-Plex E5000 Series Lock hardware to operate with Wireless System
- Includes Battery Extender Kit (above)
- Contains 4 C battery pack with batteries, cover, and connecting cable
- Allows battery change-out by removing a single tamper-proof screw
- Enables optimum RF (Radio Frequency) signal when a Gateway or Router is located on the secure side of an opening

### Outside Mount Wireless Antenna Kit

Part Number #7541900001

- Converts E-Plex E5xxx Series Lock hardware to operate with Wireless System
- Includes antenna with back-plate and connecting cable; RF antenna is located on top of the E-Plex Lock
- Enables optimum RF signal when a Gateway or Router is located on the opposite side of secure opening

## Wireless Spare Parts Kit

Part Number #6482200001

Commonly used spare parts for E-Plex Locks and wireless conversions. The Spare Parts Kit includes:

Quantity	Description
1	Spare lock gasket; outside base moisture barrier
3	LectroBolt™ mounting screws; 3 lengths — standard doors, e.g., 1 3/4", commercial doors, e.g., 2 1/4", and narrow doors, e.g., 1 3/8"
14	Miscellaneous lock mounting screws
2	Wireless connector cables to interface with ZigBee module; 2 lengths
1	Outside lever insert for one lever
1	Set screw wrench
1	Battery gasket; interior housing moisture barrier
1	Battery-cover screw (tamper proof)
1	Battery wrench (tamper proof)
2	Cylinder keepers
3	Set screws
2	Mounting bushings, exit device
2	E-Plex module mounting screws
