Introduction

The Installation & Registration of the LA GARD 700 Series Software consists of three steps:

- Step 1) Installing the LA GARD Software
- Step 2) Creating a LA GARD Database
- Step 3) Registering the LA GARD Software Database

Note: The final step, **Registration**, is required for the software to program/interact with the keypad/lock system.

System Requirements LA GARD Computer Specifications

- Processor: Intel Core i3 equivalent or better
- 8GB RAM
- Hard Drive with 50 GB of Free Space (Recommended)
- Operating System: Windows 10 Home/Professional/Enterprise, or Windows 8 Professional/Enterprise
- Peripherals: Keyboard & Mouse
- USB Port
- Screen Resolution Settings: 1024 x 768 (Minimum Recommended)
- An Internet Connection

Additional Requirements

- The installation files for the LA GARD Software*
- LA GARD 700 Series License Number*
- USB to Mini-USB Cable (Part # 203325)
- dormakaba approved dongle (Part # 707040)

*Available by secure download. Submit Requests to your sales representative or through:

https://www.dormakaba.com/us-en/knowledge-center/la-gard-software-download/la-gard-700-series-software-download

Step 1) Installing the LA GARD Software

- 1. Upon request or purchase, you will receive an email that includes a link and password. Use this link and password to securely download the software package.
- Open the LA GARD "setup.exe" file by right-clicking the icon, then select "Run as administrator".
 Note: Installation must be performed as a Windows Administrator.

1	setup.exe		11/12/2020 4:42	PM
			Open	
		٠	Run as administrator	
		-		

3. Follow the onscreen installation instructions.

Step 2) Creating a LA GARD Database

1. Open the LA GARD Database Management software using the Windows Start menu, or by double-clicking the icon on the desktop.

Note: Running LA GARD Database Management requires Windows Administrative privileges. If you don't have administrative privileges on your computer, contact your system administrator or IT Help Desk to run using Admin privileges.

 A window may appear asking to allow LA GARD Database Management to make changes to the computer. To proceed, click "Yes".

3. Click the "Create" icon at the top of the screen.

4. Type a unique database name in the dialog box, using letters and/or numbers. Click the **OK** button.

🚧 Create	×
Please enter a name t database	hat will be used to identify this
Name	Database1
ОК	Cancel

5. Wait a few seconds for the database to be built. Once the database name appears in the list, **close** the LA GARD Database Management tool.

Note: Each database that you create and register will require a unique LA GARD 700 series license number.

Step 3) Registering the LA GARD Software Database

Initial Login & Password Change

1. Open the LA GARD software using the Windows Start menu, or by double-clicking the LA GARD icon on the desktop.

- 2. Select a database by clicking the rarrow next to the "Database" field and select the name of the database created in the previous section.
- 3. Enter the password **LAGARD** (all caps, no space), then click the "Login" button.
- 4. Click the "OK" button when prompted to change password.

Please change password	:=	LA GARD	Ounge Passand			Software Log Report		
•			Current Patreond			Stati Date	100000	5
	20	Users	Confern Passaord			End Date Action	20301	0
					Owner herword	Object Type		
OK	199	Schedules	Fernane Volute	Select A Port	+	Name		
	1770	Holidaya	Permane Net		Sector			Generate Report

	2	Settings						
	5,	Residention						

5. In the opening screen, use the Change Password section to create a new unique password.

Note: On initial Login, LAGARD is the Current Password. When complete, click the Change Password button.

6. When the password has been changed successfully, click "OK" to proceed.

Registration

1. Click the "Registration" icon from the bottom of the main menu on the left side of the screen.

2. Fill in Contact Information.

Note: A valid email address is required to complete the registration.

۰.	LA GARD	Contact Information Company Name		License	LAG700
Q ?,	Users	Address City		LA GAID 700 Series	Unlock Code
THE	Schedules	Zig/Postal Code Country		3
