**Substance Reporting Table Instructions**

1. Have any of the chemicals listed in the **Cradle to Cradle Certified™ Banned Chemicals Reporting Table** (attached) been intentionally added to the homogenous material or are any of the chemicals a known contaminant in the homogenous material?

If **yes**, please do the following:

- Add an 'X' to the appropriate column for each chemical ('Intentionally Added' or 'Known Contaminant').
- Indicate the concentration of the chemical present in the material, including units of concentration, in the 'Concentration' column.

If **no**, please check the box below.

- By checking this box, I attest that none of the chemicals listed in the **Cradle to Cradle Certified™ Banned Chemicals Reporting Table** (attached) have been intentionally added to the homogenous material or are a known contaminant in the homogenous material.

2. Please sign the declaration below.

On behalf of **dormakaba International Holding GmbH** I attest that the information provided in the Substance Reporting table (attached) and this declaration for the material(s), component(s) or product(s) for production of the product being assessed for certification is true and accurate to the best of my knowledge and the knowledge of my staff.
