

dormakaba evolo Manager

Access control that suits your needs

Seamless Access
For any Door

Clever offline and remote Access Control

A modular concept for sustainable security

The evolo Manager system brings sustainable security to your company. The modular concept and gradual expansion option provide the basis for adaptation to your needs, even if requirements change over time.

Fully integratable – with wireless compatibility

All evolo components are combinable and can easily be added to our mechanical or electronic access control systems. With the selectable wireless function, the evolo standalone components can be wirelessly connected to your access solution, enabling direct programming of access rights from the comfort of your desk.

Comprehensive, scalable and flexible

From single doors up to the administration of all access points within your facility, be it inside or outside. For employees, visitors or suppliers – evolo Manager is an easy-to-program access system for extra convenience, flexibility and economic efficiency.

Discover a Unique Selection

A wide and dynamic Portfolio

Every access point has its specific challenges. The evolo Manager offers you a wide and dynamic range of access components, which are designed to meet all your needs. From digital cylinders, door furniture to access readers – the variety is remarkable. The evolo components are made of high-quality materials and many of its products have been awarded prestigious design prizes.

Mobile Access – convenient entry with a smartphone

With the Mobile Access function, the mobile phone can be used as an access medium. Simply assign the access rights to relevant users on your PC. You do not have to hand out physical access media, because users carry their mobile phones in their pockets.

The evol0 Manager

Main functions

- Effortless integration of our standalone door components that support wireless as well as Bluetooth®
- Ability to grant access rights with pre-determined activation and expiration times, such as temporary access for visitors
