

950 & 951 Series

Short Backset Mortice Locks

950 Series Short Backset Mortice Deadlocks

The 950 Series, swing bolt deadlocks are suitable for narrow stile hinged or pivoted doors. The positive action deadbolt is locked either by key, turn or BCA compliant lever. Also suitable for sliding doors where lock can be installed to door jamb and deadbolt engages strike mounted in face of door. Bolt available in 22mm or 37mm projection.

Materials

Zinc plated steel lock case with hardened steel side plates.
Brass cylinder, turn or lever.

Backset

23mm

Bolt

5 Leaves riveted together, with anti-saw core and 22mm or 37mm bolt projection.

Door Thickness

Suits narrow stile hollow sections with a minimum 28mm internal thickness and maximum 58mm external thickness. Suits timber doors 32mm to 58mm thick (extended cylinders available for thick doors).

Cylinder

Standard dormakaba 130 type oval cylinder with M616 cam.

Turn

FA310 as Standard or FA305 as spare part, SB311 - 45mm lever snib and SB312 - emergency escape lever handle, all with M615 turn cam.

Handing

The 950 Series is non handed.

Disabled Access

A selection of the 950 Series complies with AS1428 - Design for Access and Mobility, depending on turn snib selection.

Finishes

Standard finish is satin chrome plate (SCP) trims and clear anodised (CA) aluminium faceplate. Faceplates to suit timber doors are satin stainless steel (SSS).
