

# Lock levers and finishes

Selecting the optimum lever design and finish for hotel openings accents property décor. Beyond the security and operational aspects of your lock, appearance adds character and is the first thing your guests will notice when entering their room. dormakaba's Saflok RFID electronic locks are offered with a variety of ADA compliant levers and are available in various architectural finishes that harmonize with most any hotel décor.

#### **About dormakaba**

dormakaba is a leading innovator of premium access solutions that provide safety, security, and unmatched performance for businesses of all sizes. At the heart of our approach to providing advanced access solutions is a passion for developing systems that offer a variety of door hardware and access control options. Compliant, welcoming and comfortably accessible building entrances, perimeter access points, and interior openings ensure safety and operational efficiency.

## Standard levers

## Finish options

Actual finish may vary.

For custom levers, please contact your dormakaba local sales representative.
