

PURE Enclose®

Interior glass systems

Framed glass walls with pivoting door

dormakaba Interior Glass Wall Systems bring the benefits of glass to the workplace—transparency, daylighting, versatility, efficiency, space saving, and low cost of ownership. These glass wall systems come in a range of sleek but resilient minimalist designs and configurations, allowing you to select a system that matches your project's functional and aesthetic requirements.

Design

PURE ENCLOSE® Framed Glass Wall Systems provide the aesthetic advantages of glass walls with the added benefit of full framing. Metal channels frame each glass panel, effectively dampening sound transmission and adding structural definition without impeding sightlines.

Applications

PURE ENCLOSE Glass Walls are ideal for:

- Spaces requiring enhanced sound control
- Pivoting door applications
- Office fronts
- Medium to large conference room
